The increase proposed seems good & the whole course adopted is reasonable -

17-9-96

W Cobb has made out very good case for the proposed increase. The Statute gives all the powers necessary for a Corporation Statute in the present form & I do not see that the proposed increase may be met by the usual grant -

The question of delay will be separately considered

Sir

I have the honor to request that you will place before the Government for orders the accompanying proposal with regard to the pay of the subordinate Establishment of the College I have given an Abstract Statement of the duty service, present and proposed pay, with reasons in brief for proposed increase, which I hope the Government will consider only fair and reasonable It is unworthy of such an Institution and of the Empire Government that its subordinate employees should have less pay than is given elsewhere, even by Municipalities, and it is undesirable that there should be frequent changes of such men, as on them active and efficient performance of duty much of the comfort and success of an Institution as

as this depends The total increase proposed amounts to only Rs 39, which is distributed over 17 different employees I trust that the Government will view my proposals with favour and accord sanction to the remedy for what I feel to be discreditable to us

2 I have further to inquire whether Peons and Laboratory Attendants are not entitled to clothing 2 sets per annum as in other offices Our Laboratory Attendants have lots of clothing destroyed by the work in the Laboratory which entails much handling of acids and other destructive chemicals

I have the honor to be
Sir
